You Are Cordially Invited

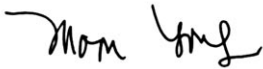

Esteemed Colleagues,

Three years have passed since IGSE (International Graduate School of English) was founded. Two classes of students have already graduated. This past March, TTI (Teacher Training Institute), which had been associated with Hyundai Young-O-Sa, was unified with IGSE. In September, we signed an academic agreement with the highly respected Department of Second Language Studies of the University of Hawaii at Manoa. We are holding a symposium on English education in order to mark these two happy events.

When IGSE was opened three years ago, we pledged to become a brilliantly shining diamond, no matter how small, in order to make a substantial contribution to the development of English education in Korea.

Please come and see how our school has matured in the past three years. We appreciate your warm-hearted support and openly welcome your encouragement and advice.

Respectfully,
